

TechMart Electronics - Frequently Asked Questions

Fictional company knowledge base for the Multi-Agent AI Customer Support Assistant capstone.

Support hours

Live human support is available Monday to Saturday, 9:00 AM to 7:00 PM IST. The AI assistant is available 24/7.

Contact channels

Customers can use the in-app support chat or email support@techmart.example. Urgent account-security issues should be escalated to a human agent.

Account

Customers may create one account per email address. Password reset links expire after 30 minutes.

Order status

Order status is shown in the customer account after checkout and updates after dispatch.

Escalation

If the AI assistant cannot resolve an issue reliably, it should create a support ticket for human review.
